

In-Person and Online Accessibility Accommodations

For those attending public meetings held in the Montgomery Township municipal center, our front entrance doors are handicapped accessible. Public meetings are primarily held in the first floor council chambers. There is an elevator for access to the second floor municipal offices. Building interior signs also provide braille language.

The following listening technologies are provided during meetings in the council chamber:

[ListenIR iDSP Standard System - Listen Technologies](#)

and

[Wi-Fi Streaming \(Listen EVERYWHERE\) - Listen Technologies](#)

Meetings of the Township Committee, Board of Health, Planning Board, and Board of Adjustments can also be livestreamed or viewed on demand with audio captioning, from our [Meetings Videos webpage](#).

Information on our website accessibility standards and ADA compliance are found under our [IT section](#).

We welcome suggestions for improving public access for all. Please contact our [Administration Department](#).
