

Business Associations

There are several business associations serving the Montgomery business community, including:

The **Montgomery Business Association** is a non-for-profit network of local shops, restaurants, and professional service businesses. They run the Shop Local Montgomery program, Welcome Bag initiative, Montgomery FunFest, organize grand openings, and many other promotional events yearly. All Montgomery based businesses are welcomed to join and reap the benefits of membership.

The Montgomery Township Environmental Commission, Sustainable Montgomery, Montgomery Friends of Open Space, and the Township Economic Development Commission were all involved in the founding of the MBA in 2010.

The **Somerset County Business Partnership** welcomes all area business owners in Somerset County, NJ. Through advocacy, sharing access to information, and hosting events and networking opportunities, this chamber serves the diverse needs of its members, which include small and large businesses and non-profits.
